

Dear Parents:

Mats are available for purchase at different locations, including Wal-Mart, Target & Mardel. The cost varies depending on size. In order to properly store and sanitize mats, we require that all students have a two colored, 4-section rest mat, plastic or nylon; no larger than 48”L x 24”W x 2” thick mat. Students will be allowed to bring one blanket and one baby-sized pillow for naptime.

If a student has a special “lovey”, it may be brought and stored in his/her bag until naptime. Blankets and pillows must be small enough to store in a 2.5-gallon storage bag. No sleeping bags, mat covers or large blankets/pillows will be allowed.

Please know and understand that in some cases, per Licensing Minimum Standards, you will have to replace your child’s mat during the school year; some children toss and turn so much during naptime that the seams start to come apart.

Thank you for helping us in our effort to provide the safest and cleanest environment for our students.

Thank you,

SFLC Office
